TWIN FALLS, IDAHO, TUESDAY, MAY 24, 1966

TEN CENTS

First Step Taken to Okay CSI

The College of Southern Idaho was recommended Tuesday for "candidacy" for eventual full accreditation by the principal accrediting agency for the Northwest.

If the college is accepted for the candidacy status, its courses will be transferable to other institutions in the Northwest and the U.S., retroactively, to include course credits granted during the past year by the Twin Falls institution.

The college currently has obtained tentative accreditation only for in-state institutions. Two representatives of the Northwest Association of Secondary and Higher Schools, Dr. James Bemis and Dr. Rodney Berg, informed the CSI trustees of their decision to recommend the college for candidacy at the next meeting of the accreditation association's Higher Commission at the end of June.

Dr. Bemis is president of the Higher Commission and Dr. Berg is its secretary-treasurer, as well as president of Everett Junior College, Everett, Wash. The two men have been conducting a close examination of the college facilities and programs, as well as the plans for future campus and academic expansion programs Monday and Tuesday.

Dr. Berg noted that the college must have partially moved to its new campus within three years of the beginning of its candidacy. During the interim the fledgling institution will be kept under close scrutiny by the association.

Dr. Berg said the only suitable description for the college's progress is "terrific." "We were impressed by the very energetic leadership," which, he said, has led the college to seek accreditation in an unusually short period after its establishment.

He noted the visiting team was favorably impressed with the backing of more than 370 entities in the recent landslide CSI bond issue election.

Annual Dog Show Is Held At Filer

FILER — Annual dog show sponsored by the Twin Falls Kennel Club opened at 9 a.m. Tuesday with more than 370 entries and nearly every breed of dog represented.

The show is being held in the merchants building at the Twin Falls county fairgrounds. This is the second year the event has been held at this site.

Many high-winning dogs from throughout the nation are entered, according to William Heard, Twin Falls, chairman of the show. Grand champion of the show will be selected at 5:30 p.m.

Judges are Vincent G. Perry, Canoga Park, Calif.; R. A. Cross, Victoria, British Columbia, Canada; and Jack Shaw, Twin Falls.

Johnson Will Ask Repeal Of Section

WASHINGTON (AP) — President Johnson has told the nation's labor union editors the administration will continue its attempts to get congressional repeal of section 14B of the Taft-Hartley Act.

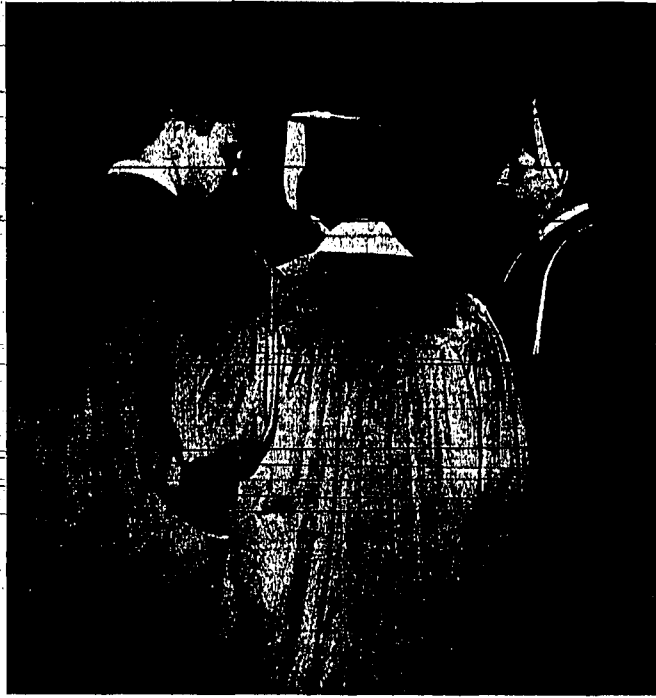

"We will have to try again and try again," he said, "and 150 editors of union labor publications at the White House Monday. The section permits states to outlaw union shop contracts."

The President also told the editors the United States must continue to help all Americans, especially "those who have the least."

"We are no longer content in America with achieving only the greatest good for the greatest number," he said. "We have a duty to the past in the service of our conscience is only a prologue to what should now be done in the service of our vision."

Senator Says Oregon Voting Doesn't Amount to Referendum on Viet Nam

By the Associated Press
Even as Oregonians voted today in their primary, a Senate supporter of President Johnson-Viet Nam policy said the Democratic balloting there did not amount to a referendum on Viet Nam — despite the general view to the contrary.

T.F. Seniors Are Graduated as Probe of Vandalism Continues

Seniors of Twin Falls High School took part in the last ceremony of their high school careers during outdoor commencement exercises Monday night. The spirit of the occasion was dampened somewhat by vandalism which occurred in the high school building either Sunday night or Monday morning. Principal George Staudacher said the damage could cost the taxpayers thousands of dollars. Diplomas were presented to 433

young men and women by members of the board of trustees, E.J. Sommer, Edward R. Smith and R.O. Severson. Awards were presented by Supt. Ernest H. Ragland and Staudacher made the presentation of the class.

Students participating in the exercises at Bruin Stadium were Paul Fink, student body president; Mary Kellen Florance and Howard Dennis Munn, valedictorians; Irene Campbell, salutatorian; and Stephen R. (Rip) Wilson, senior class president.

Following the commencement exercises the class of 1966 proceeded to Dierke's Lake for a party and dance.

Classes were not held Tuesday, but final examinations for the high school students may be held Wednesday at the High School, Ragland said.

The butyric acid, made from rancid butter and animal renderings which was spread throughout the building made it virtually impossible to hold classes. The strong acid, which has a particularly unpleasant odor, created much more damage than originally estimated.

Staudacher said some tile will have to be replaced and the cleaning of curtains and uniforms alone will cost a large sum of money.

No evidence of a forced entry was noted and police said Tuesday a set of keys have been reported stolen. School and city officers are continuing investigation.

Staudacher said he had no idea who was responsible for the damage, but didn't feel it was an organized senior prank. He said one or two seniors "might be responsible," but was sure the "senior class as a whole was not responsible."

Staudacher said the stench has been removed, pg. 2, col. 4

N.Y. Exchange Is Invited to Twin Falls

The New York Stock Exchange was invited Tuesday to move to Twin Falls.

"I suggest Twin Falls as new home for NYSE," reads a telegram sent by Ray Rostorn, secretary-manager of the Twin Falls Chamber of Commerce. "Have one square city block available near center of city. Neither water nor pure, clear, undisturbed air."

The telegram was sent to Keith Funston, president of the New York Stock Exchange. The NYSE has been embroiled with the New York City administration over a stock transaction tax and the possibility the tax will be increased. Only Monday, Funston said the exchange is not bluffing over an idea to move its operations to New Jersey.

The "one square city block" mentioned in Rostorn's telegram apparently refers to plans in Twin Falls to remove all structures from a block in an urban renewal project. The area is one block from the center of the city.

U Thant Is Concerned on War Cause

ATLANTIC CITY, N.J. (AP) — U.N. Secretary-General U Thant declared today that the war in Viet Nam can no longer be portrayed as a mere contest between communism and liberal democracy.

In a speech to the convention of the Amalgamated Clothing Workers of America he said also that people who deluded themselves by believing that action by him and the United Nations can resolve the Vietnamese conflict.

"The solution lies in the hands of those who have the power and responsibility to decide," he added.

In referring to the present unrest in South Viet Nam, Thant said there is growing evidence that the so-called "fight for democracy" is no longer relevant to the realities of the situation.

Trade Reduced

WASHINGTON (AP) — A 10 per cent drop in exports and a 3 per cent rise in imports reduced the favorable U.S. trade balance to a seasonally adjusted annual rate of \$1.1 billion during April, the Commerce Department reported today.

Cold Weather Threatens to Destroy Crops

By The Associated Press
Freezing temperatures again threatened to wipe out a portion of northern Utah and southern Idaho crops Monday night. Some damage already has been reported.

A cold front moved into the Intermountain Region Sunday and dropped temperatures into the teens and twenties. The Weather Bureau reported record lows throughout the region for this late in the spring.

In the Pocatello area where the temperature skidded to a record low of 23, Hancock County Agent Al Myroie said there was a possibility of extensive damage to sugar beet fields in the area.

He also said more beet plants probably will be lost to freezing temperatures early Tuesday. Myroie said the cold damaged alfalfa and grain throughout the area.

House Opens Debate on Wage Bill

WASHINGTON (AP) — The House opened debate today on a bill to raise the federal minimum wage from \$1.00 to \$1.60 and extend its coverage to 7.2 million more employees, including nearly a half million farm workers.

Opponents warn inflation and unemployment would result from the bill, which would increase the present \$1.25 an hour minimum to \$1.60 by Feb. 1, 1968. There would be an interim increase to \$1.40 next Feb. 1.

In one of the most controversial sections of the bill, farm workers would be exempted from the act until next Feb. 1, and get two annual 15-cent raises to \$1.30 by Feb. 1, 1968. The other newly covered workers would start at the same level but get additional 15-cent raises to \$1.60 by 1971.

Passage of a bill in some form is regarded as certain, but several attempts are expected to trim both the wage increase and the coverage. No votes are expected before Wednesday.

Statement Is Countered by Lloyd Walker

Democratic gubernatorial candidate Lloyd J. Walker Monday countered a statement by State Rep. Jack Claiborn by saying the "statement on the sugar beet situation was only an apology for Gov. Smylie's failure to aid the sugar beet farmer, not this spring."

Claiborn said in his statement today that "to say that the governor should or could have any influence in grower-company relations is a little ridiculous."

"This statement is typical of the Smylie administration," Walker said. "Obviously it can have no influence if it does nothing. The fact is that the governor, by acting openly and publicly can and should have great influence on the grower."

Walker said he had been half of the sugar beet farmer, but all agriculture, business and labor.

"Mr. Claiborn speaks of increased quotas," Walker continued. "At no time have I suggested any action be taken, only upon the problem of the farmer negotiating new contracts with the company."

"The farmer, because of the requirement to plant each year in order to maintain his allotment, was a definite disadvantage in the negotiations," Walker added.

"Senator Church gave great service in helping to modify the planting requirement. Governor Smylie and his commissioner of agriculture did nothing."

Walker said he had been governor he would have developed public opinion on the side of the farmer and to "develop real evidence to submit to Washington, D.C., to help to influence their decision on behalf of the farmer."

"The proper function of the office is to act openly and boldly on behalf of any group needing help. If the governor does not fulfill his duty, state government will wither—and we will have only the federal government to rely on. This should not be allowed to happen. The governor should and must act to keep the state government healthy and influential."

"APPROVE FUNDS — The Senate took only minutes today to give unanimous approval to a \$5-billion-plus authorization for the nation's space program in the fiscal year which begins July 1."

1st Vietnamese Division Pledges Support to Ky as Opposition Is Breaking

SAIGON, South Viet Nam (AP) — The break in the ranks of the opposition to Premier Nguyen Cao Ky widened further today as the commander of the muthous 1st Vietnamese Division in the Buddhist stronghold of Hue reportedly pledged his allegiance to Ky. Defense Minister sources said Brig. Gen. Pham Xuan Nhuan wired Ky saying he was giving up his opposition. It was not clear immediately whether he also spoke for the troop he commands. The 1st Division provides the military backbone of the opposition in the northern city.

It was the first break in the rebel front in Hue, the remaining stronghold of opposition to the premier.

Heartened by its victory over other rebels in Da Nang, the military regime exhibited little outward concern over the continuing dissidence in Hue, 50 miles northwest of Da Nang. U.S. officials continued their backstage diplomatic role with contacts with the main figures in Hue: Thieu Tri Quang and Gen. Nguyen Khanh Thi and Tan Thon Dinh, successively fired by Ky as commander of the army's northernmost 1st Corps.

Ky's ruling junta showed its confidence also by assembling 1,000 civilian and army representatives at a political congress in Saigon to reaffirm its power. Buddhists boycotted the meeting.

With U.S. Ambassador Henry Cabot Lodge in the audience, the military chief of state, Gen. Nguyen Van Thieu, said once more the regime would carry out its promise of elections this fall for a constitutional convention. He added that the 18-man junta was considering a possible end to five civilians to its membership.

While Ky defended his military action against Da Nang as essential to preserve the nation, 400 Buddhist demonstrators marched peacefully before the guarded U.S. Embassy to protest the crushing of the Da Nang revolt. The marchers included 150 robed monks.

POINTING TO THE SPOT in an old garage where a 4-year-old Burley girl, Sheila Dryden, was burned to death in Burley Police Officer Peter Rodriguez. The little girl's body was discovered in the old garage and shed at 1600 Hansen Ave., across the street from the Dryden home, after the flames were under control. No one knew the child was trapped in the flames until her body was found, firemen said. She is the sixth child to die in a Burley fire in the past two months. (Times-News photo)

Appeal Issued After Four Burley Fires

BURLEY — Burley Fire Chief Otis Williams issued a plea to parents to double check on their children and for all residents to clean out their garages and other storage buildings which pose a fire hazard. The plea was issued after a fourth fire, this one reportedly caused by grade school children trying to smoke, broke out Monday evening in an old trailer house. No one was injured, but it was the fourth fire in the past two months within a three-block radius of town. Six children have lost their lives in the series of blazes. Both the fire chief and Detective Floyd Higgins said they had questioned four children extensively as to any connection between the tragic fire Sunday evening in an old garage at 1600 Hansen Ave., in which 4-year-old Sheila Dryden, daughter of Mr. and Mrs. LeRoy Dryden, perished, and the one Monday evening.

They have not been able to find any connection, officers said. Mrs. Melvin Garrison, 1842 Hansen Ave., notified firemen at 6:30 p.m. Monday when she noticed smoke in the old trailer house on the back of the Garrison property.

Officers learned by questioning of neighborhood children that the three fifth graders and one fourth grader were at the site and attempting to smoke.

The little Dryden girl apparently was playing in the old garage across the street from her home and firemen did not know she was there until they found her body after the flames were brought under control Sunday.

Several children have been punished for playing in matches in the garage and shed which is on part of the estate of Sam Smith. The property is rented by Mrs. Charles Davidson.

Two little boys, Kelly Lancaster, 4, and Les Lancaster, 2, sons of Mrs. Joanne Lancaster, were killed in a three-day fire which broke out in the basement of their home.

Two months ago three Tanfield children perished when the house in which they were sleeping caught fire.

SYNOPSIS AND AGRICULTURAL SUMMARY

Warmer air is working up from the south into the northern Intermountain Region. This, combined with nearly clear skies in the valleys of Southern Idaho, is causing rapid warming to take place and is bringing an end to the threat of frost.

Temperatures were from 3 to 12 degrees warmer in Southern Idaho valleys last night. The Upper Snake River valleys recorded temperatures of freezing and slightly below, but the coldest spots were Fairfield, 46 at Buhl, 41 at Castelford, 45 at Wendell, 53 at King Hill, 54 at Gooding; at noon, 61 at T. F. weather bureau with 25 per cent humidity. Barometer: 30.21. Soil temperatures: At T. F., four-inch 55, eight-inch 54, 20-inch 53, 36-inch 53; at Rupert, four-inch 58; three-inch level: At Buhl, 58; at Castelford, 58; at Wendell, 61; at King Hill, 60.

High pressure aloft continues quite strong over the Western States, but pressure at the surface still located over Idaho. Warm air from the south continues to move into the northern western States prompting a forecast of rising temperatures for today and Wednesday. High pressure aloft will weaken in the Gulf of Alaska but will remain strong enough over the Western United States to keep storms out of these valleys probably through Thursday. Sunny skies will persist today and Wednesday as only variable high clouds move through the Intermountain Region during the day.

Temperatures today will range in the upper 60's to the lower 80's and continue to warm into the mid 70s into the 80s Wednesday. Minimum temperatures tonight will benefit from this warming trend and all valleys should remain above freezing tonight. Temperatures will range from the mid 30s on into the 40s.

Seed germination and crop growth will start to increase again as warmer air and resulting warmer soil continues. Field work and other outdoor activities are favored with fair and warmer weather.

Tear Across Middle U. S.

By The Associated Press

Thunderstorms, high winds and scattered raindrops slapped a large slice of the nation's mid-section late Monday and the Weather Bureau says more severe weather can be expected today.

Thunderstorms, sparked by a cold front stretching from upper Michigan to central Texas, splattered portions of the Great Lakes area and the Ohio River Valley early this morning. Behind the cold front, cooler air spread southward into the upper Midwest, and a tornado was reported in Illinois.

Although dozens of violent storms and twisters were reported Monday, property damage appeared moderate and injuries were few.

Funnel clouds touched down in central Illinois, Illinois, and Iowa. For the most part, damage appeared limited to farms and rural communities.

Among areas hardest hit was Astoria in central Illinois, where authorities said a tornado struck the downtown area, blowing houses, trees and power poles.

Civil Defense crews reported heavy damage in Murphysboro, Ill., where hail, high winds and heavy rains raked the countryside.

Winds up to 70 miles an hour swept southeastern Wisconsin, and Madison recorded 3.57 inches of rain. Police reported one storm-related highway death. Four persons were slightly injured when winds ripped roofs off houses and bowled over outbuildings in the Watertown and Waukegan, Wis., areas.

At Cape Kennedy, Fla., high winds flipped two trailers, knocked in doors at rocket assembly buildings and inflicted minor injuries on six persons.

Early morning temperatures ranged from 35 at North Platte, Neb., to 85 at Laredo, Tex.

Candidate Is Named for District 21A

SHOSHONE—Odell Smith, Mindoka, was named state representative candidate for District 21A. The three counties of Lincoln, Blaine and Mindoka are in the state senatorial district under the new apportionment plan, and Lincoln, Blaine and the four west precincts of Mindoka are in the state representative district.

Smith will be a running mate of Grover Newman, who already had filed for state senator in District 21A. The three counties of Lincoln, Blaine and Mindoka are in the state senatorial district under the new apportionment plan, and Lincoln, Blaine and the four west precincts of Mindoka are in the state representative district.

Newman is a history, economics and government teacher in the Mindoka high school. Smith is a rancher just next to the Blaine county line, coming into Idaho some years ago from Utah.

Smith's election to fill the vacancy was by unanimous vote of all precinct committees present from precincts within the representative district.

High Lewis, temporary district clerk, in charge of the meeting with Ray E. Oyer, a secretary. Between 25 and 30 persons attended the meeting including chairman of the Blaine County Central committee, Wayne Clark, and Mr. Roma Bare, chairman of the Mindoka County Central Committee.

Smith will have no opposition in the primary but will oppose primary in November.

Likewise, has no primary opposition in the primary election in August.

Warning on Tax Deadline Issued Here

A two per cent penalty, and eight per cent interest, will be added to the balance of all real property taxes not paid by the June 20 deadline, according to Ruth K. Jones, Twin Falls County treasurer.

Mrs. Jones said she said she is urging all taxpayers to make their payments as early as possible to avoid a last minute rush.

She said the county tax books are closed by late June. Taxpayers who have not paid their taxes after the June 20 deadline cannot be accepted until July 27, and the penalty and interest will be added to the original amount.

The total tax charge for 1965 is \$1,157,828.78, and Mrs. Jones said 72 per cent of this amount has been collected. She also noted that tax payments sent by mail must be postmarked before midnight June 20.

The late fee—double the penalty, and interest rates were established in the Idaho Code, according to Mrs. Jones.

literally permeated everything in the building.

The source of the foul-smelling, lustric acid residue, investigators reported they knew of no source of the material in Twin Falls. A local druggist, Larry Sablin, noted that he knew of no local drug store where the chemical could be purchased.

Another druggist, who wished not to be named, noted that he had heard the chemical could be purchased through mail-order houses for use in practical jokes.

The graduation ceremonies were held in the open-air Bruin Stadium owing to the mild weather. However, had the weather been inclement, both students and parents would have been crowded back inside the stench-filled school to witness the graduation ceremonies in the school gymnasium.

Ernest Ragland, school superintendent said more than \$100 worth of chemicals already has been used by the Nuffe Carpet Co., 1409 Kimberly Rd., in an attempt to fumigate the building. He said much of the smell is gone, and if he finds that it is, he will do so Wednesday morning.

Dolan said, as near as they could tell, the acid had been dumped in spots in every hallway in the building.

\$75,285 Check Will Pay Taxes

Taxes totaling \$75,285 will be paid to Twin Falls county June 31, in a check payment, according to L. C. Vogel, Mountain States Telephone and Telegraph Co. manager at Twin Falls.

Vogel said the payment of the \$75,285 in taxes for the year ending June 30, will bring the total to the county to \$150,571. The first payment was made in December.

The company will have paid \$1,299,745 in taxes throughout the state by June 31, according to Vogel. The total paid by the company during 1965 amounted to \$2,999,200, he said.

Man Charged With Assault In Incident

FILER—A charge of assault with a deadly weapon against a 61-year-old Filer man was changed to simple assault Monday at his arraignment in Twin Falls County Probate Court by Rex F. Daly, of Washington, D. C., chairman of the U.S. Agriculture Department's outlook and situation board.

The felony charge was changed to a misdemeanor after testimony and upon the recommendation of the Twin Falls County Probate Court.

The deputy said a medical hearing probably will be ordered.

Monday night Al Lepper, a local barber, called Paul Patterson, Filer chief of police, after Thomas Newman had threatened him. Patterson responded to the call about 4:45 p.m. and when he arrived, he said, Newman pulled a knife on him.

A crowd gathered and Patterson said he was reluctant to try to overpower Newman for fear of a bystander being injured. He and an assistant persuaded Newman to start for his home.

The two officers, assigned by Duane Owen, Idaho State Patrolman, captured Newman.

Bond originally was set at \$5,000, but according to the deputy, will be lowered later today.

Presbyterians Approve New Confession

By GEORGE W. CORNELL, BOSTON (AP)

The governing assembly of the United Presbyterian Church in the U.S.A., today approved a new confession of beliefs, the first official revision in three centuries.

Work on the 4,600-word declaration has been going on for eight years.

"An historic moment," commented the presiding moderator, the Rev. Dr. Ganse Little of Pasadena, Calif., after a vote of 1,500 Presbyterians broke into prolonged applause and singing of the doxology, "Praise God from Whom all Blessings Flow."

The new confession now goes to the denomination's 188 area units for ratification. Assent of at least two-thirds is needed for final authorization.

However, the action by the representative legislative assembly meeting here was regarded as decisive in the long process.

1649, Presbyterianism has used the famed Westminster confession as its doctrinal guide.

The revision seeks to render Christian principles in more understandable contemporary style, and to focus them on moral issues of modern times.

Under discussion among the 3.3 million members of the denomination for the past year, the new confession was debated informally for seven days at the assembly in Boston before the approving vote.

Besides setting up a new creedal standard, the document also recognizes eight other historic Christian creeds as part of the Presbyterian heritage. These include the old Westminster confession and the Nicene and Apostles' Creed.

Closure of Street for Repairs Due

City Street Department crews will continue work in preparation for summer paving of Hayburn Avenue West Wednesday and Thursday, by applying prime coat between Carnoy Street and Martin Street.

The section of Hayburn Avenue will be closed from 8 a.m. Wednesday until 5 p.m. Thursday to allow crews to complete the work, according to Ronald Scheuffele, city engineer.

Scheuffele said the prime coat is a preparatory step for final street paving later in the summer. Crews already have primed the avenue from Washington Street North to Carnoy Street.

The scheduled day-and-a-half street closure depends on favorable weather, the engineer said.

Two Idaho Judges File Petitions

BOISE (AP) — Two Idaho district judges were among five judicial candidates filing their nominating petitions Monday.

They are Gilbert J. Bellwood, 7th District, and Paul W. Hyatt, of Grangeville in the 10th District.

Seeking election are Sherman J. Bellwood of Rupert, 11th District, Dan Cogswell of Sandpoint, 8th District, and John H. Maynard of Lewiston, 10th District.

The five filings brought to 11 the number of candidates registered with the secretary of state's office.

Hyatt filed for the judgeship now held by incumbent John W. Cramer of Lewiston who is retiring at the end of his term.

Bellwood filed for the post being vacated by incumbent Lloyd J. Webb of Burley who he would not seek reelection.

Maynard seeks the job which Hyatt is leaving in trying for Cramer's judgeship within the same district.

Cogswell will run against incumbent Robert E. McFarland of Sandpoint who filed last week.

The 30-day filing period opened last Thursday and extends to June 18.

Men Cling to Ice Box in Gulf Waters

TAMPA, Fla. (AP) — Three men who clung to a homemade wooden ice box for four and one-half days after their 65-foot yacht sank in the Gulf of Mexico reached shore Monday night aboard the Liberian motor vessel, Cape Marina.

Raymond Murphy, 46, owner of the yacht, Sen Lark, and crewmen Bill Rogers, 40, and William Linn, 60, were rescued Monday afternoon after the first mate of the Cape Marina spotted Murphy waving his shirt from atop the bobbing 4-by-6-foot box.

The Cape Marina was the third ship sighted, and after the first two didn't stop the trio had all but given up hope, Murphy said.

"We kept drifting in circles," he said. "We wouldn't be here today except for that fishbox."

The Sen Lark, bound from New Orleans to Marathon, Fla., developed a leak early Thursday morning 61 miles off Dry Tortugas, a pinpoint of land 70 miles west of Key West.

Murphy said the 30-year-old yacht sank in less than half an hour apparently because several planks caved in as the yacht moved through a moderate swell at 10 knots.

"We just had time to dump the ice out of the fishbox and throw it overboard," Murphy said.

To bolster the buoyancy of the box — which was lined with plastic insulating foam — they lashed two 55-gallon drums alongside.

BACK IN OFFICE — Senator Republican Leader Everett M. Dirksen of Illinois, who broke a thigh bone in a fall at Walter Reed Army Hospital, May 10, returned to his office today.

Dr. Charles B. Parker Is Named Youth Ranch Trustee

RUPERT — Dr. Charles B. Parker is the second area trustee named for the Idaho Youth Ranch.

He will assume duties this fall, according to an announcement during the regular directors meeting Saturday at the ranch.

Thomas Mahan, Jerome, chairman, said trustees will be named throughout the state in proportion to population, to help correlate public relations with the ranch.

Mrs. Ruth DeThommas, Rupert, was named area trustee earlier this year.

Directors also approved a motion to amend Article 5 of the recently approved new Youth Ranch bylaws regulating applications to the ranch. The committee approved the motion that admission of boys to the ranch staff and that directors would not act on admissions.

The plaque recently presented by the Idaho Federation of Women's Clubs to the Youth Ranch will be placed on the permanent boy unit, which is near the main entrance to the Youth Ranch.

Women's clubs contributed \$20,000 toward a living unit at the ranch.

Mahan reported all requirements have now been fulfilled for application of state licensing for the Idaho Youth Ranch and have been submitted to the state office for approval.

A grant of \$10,000 will be presented to the ranch from the foundation if matching funds are raised by the latter part of June and state licensing has been approved. Mahan noted that \$7,500 of the matching fund has been raised.

In other business, John McCollum, director of the boys' program at the ranch, reported

the dairy barn is more than 50 per cent completed. The building will meet grade. A specification will include a 200-gallon pasturizer, bulk milk tank, a milking room, processing room and cooler. The barn is being built with funds donated by the Idaho Eagles and Auxiliaries.

A letter was read from Oliver Martin offering quonset buildings from the Old Thunderbird Motel at Ketchum to the ranch if they could be utilized. The board felt the move would not be feasible and that the present living unit now under construction would consume all available funds.

The board also approved hiring Mr. and Mrs. Merton Scott, Burley, as house parents on a 90-day trial period, with re-evaluation period to follow six months later. One unit at the ranch has been without house parents since Mr. and Mrs. T. A. Davis moved.

A letter was read from Dental Hygiene Clinic at Idaho State University with regards for a clinical examination and analysis of each boy coming to the ranch. Dr. Howard Toews, a Rupert dentist, said he would do the followup on dental needs of the boys at the ranch.

McCollum reported to the board that favorable correspondence concerning the training, recreation and work habits of the boys had been received at the ranch.

He also outlined plans for the over-all boy program during the summer, including summer camp.

The directors agreed that the slow and steady growth of the Youth Ranch paid off in good training and preparation of the boys. At the present time 25 boys are living at the ranch with

another arriving this week. The new unit now under construction is being built to accommodate 12 to 16 boys.

McCollum reported the boys at the ranch had raised exceptional money in the recent music competition held at Washington Junior High School and awards in sports, including letters, awards and trophies were numerous and a credit to the boys.

The directors also approved a motion to engage James Walston of Capital Services, Inc., Burley, to assist in machine recording of accounts for the Youth Ranch. They authorize John McCollum to investigate purchase of a dictating/transcribing machine for use both at the ranch and at the Youth Ranch office located in Rupert.

Thomas Horbert, acting ranch superintendent, did not attend the meeting because of ill health.

Judge Relates Threat on Defendant

SAN FRANCISCO (AP) — From the bench, a startled judge reported a threat to the life of a murder case defendant Monday touching off a screaming, shouting and tearful uproar.

The defendant, saloon-owner Richard Rock, lurched against a desk sobbing. His pregnant wife tore away from a balcony and ran to her husband's arms, tears drenching her face.

Rock, 33, and four others are charged with murder in the slaying of Dow Wilson, 40, leader of AEL-CIO Painters Union Local 4 who had challenged the bundling of money in a Sacramento painters union welfare fund.

Police still are hunting the triggerman.

A telephone rang in Superior Court as Judge Francis McCarty was hearing attorney Marvin Lewis plead that Rock be freed in bail. A bailiff, Edward Thompson, answered and then went in the bench where he whispered to the judge.

Judge McCarty, relaying the information, said an anonymous voice had asked a court clerk by telephone to tell the judge that "if Rock goes on bail, he is dead."

Soft Whiskey: Whiskey with the tiger taken out.

As you know, tigers are "in" these days. But not in Soft Whiskey. No, sir. Soft Whiskey goes down the ol' hatch as soft as...as... Soft Whiskey. So how do we do it? It's simple, once you know how. First of all, we do some of our distilling in small batches. Instead of big ones. And second of all, that's all we're going to tell you.

But hold on. Before you send out for a bottle, there's one other thing you better know. Soft Whiskey is 86 proof. Got it? Soft Whiskey is 86 proof. Remember it. Because Soft Whiskey does anything any other whiskey can do. It just does it softer. Sure we took the tiger out. But not the tiger's strength.

HANDLESS VETERANS made many of the poppies which will be sold Friday and Saturday in Twin Falls by the American Legion Auxiliary and volunteers from the Boy Scouts and Camp Fire Girls. Legion Auxiliary Will Hold Poppy Sale Starting Friday

P-3 — Legion Auxiliary ... Poppies will be sold in Twin Falls by the American Legion Auxiliary Friday and Saturday in commemoration of dead veterans of World War II, Korea and Viet Nam, according to Mrs. Ivan Johnson, Auxiliary poppy chairman.

Mrs. Johnson said about 40 women in the auxiliary, Boy Scouts and Camp Fire Girls will be throughout the downtown area and in all the shopping centers during the two-day sale.

She said the auxiliary has 3,500 poppies, and will be taking donations from 10 cents up. The proceeds go into the Child Welfare Fund for use in feeding the families of veterans killed during the three wars.

She said Legion Auxiliaries throughout the state bought the paper to make the flowers and donated it to the Veterans Hospital, Boise, then bought the flowers from veterans at seven cents each.

Mrs. Johnson said this is to give employment to disabled veterans who because of wounds incurred during combat, are no longer capable of other employment. She said many of the veterans make the flowers with their feet because they have no hands.

Mrs. Johnson said the poppies for the drive originated out of World War I because of the poppy fields in France. They are patterned after the original

Negro Mob Converges on School Bus

BAKERSFIELD, Calif. (AP) — A Negro mob stoned and battered a school bus Monday slightly injuring the driver and several students.

There was no arrest and calm was quickly restored — just 24 hours after what police termed a major disturbance in the Lakeview Avenue area of southeastern Bakersfield.

Robert Holland, driver of the Kern County Junior High School bus, was hit by flying stones. Stones flew from a group of about 50 persons as he was unloading pupils in the Negro area.

The earlier disturbance caused the fire damage estimated at \$15,000 as 14 alarms were turned in some false. Police, sheriff's deputies and California highway patrol members arrested 35 persons, 22 of them juveniles.

The drive will begin at 9 a.m. each of the two days and continue until 8 p.m.

Plan Giant Dam

Bloodhounds Used in Hunt For Slayer

ARKADELPHIA, Ark. (AP) — Bloodhounds from the state prison were flown here today to spearhead a massive swamp search for a man charged in a Marion, Ind., dismemberment slaying.

The fugitive was identified by police as Glenn Stewart, 30, of Marion, formerly of the Curtis community 10 miles south of where the maiming was concentrated.

Stewart was charged at Marion in the death of Larry Lee Schmidt, 20, of Marion after Schmidt's widow told police at Sparta, Tenn., Sunday that a man killed her husband then held her and two children captive for two days in swamps near Arkadelphia.

Authorities refused to reveal information about the hunt for fear it would help the fugitive if broadcast.

"We know he had a radio," said a police spokesman.

The sheriff's office said Stewart was believed armed with a rifle with telescopic sight, a .45 caliber pistol and a knife.

Patrolman John Ledbetter said the search started after Stewart was seen leaving the home of his father, Pearl Stewart of Curtis, about dawn today. Police had been watching the father's house.

He said Stewart disappeared into the jungle-like Terronoir Creek bottoms.

Mrs. Louise Schmidt, 25, returned to Marion today to help officers assemble details of the slaying.

Schmidt's body was found in the basement of the Schmidt home Sunday. Coroner Russell W. Lavenood ruled that he died of a stab wound in the heart about two weeks ago.

Stewart and Schmidt worked in a factory at Marion.

Mrs. Schmidt told officers that she and her children escaped from Stewart near Arkadelphia while he slept in a car.

National Realtors Week Is Being Observed in T.F.

A proclamation setting this week aside for Realtor Week was signed by Gov. Robert E. Smylie, and emphasis on the importance of private property will be the mainstream of thought, according to James Danner, president of the Twin Falls Board of Realtors.

In signing the proclamation, Smylie said, "I hereby proclaim the week of May 22-28 to be Realtor Week in Idaho and urge each citizen to join me in acknowledging the benefits we have received from the services, programs and professional dedication offered us by the realtors of this state."

Danner said this is a national program and similar proclamations were signed in other states.

Smylie said in the proclamation that the citizens of this state have enjoyed the results of realtors dedicated services in public office at every level of city, county, and state government.

At the local level, as well as state, Smylie said, realtors contribute much to the state through participation of realtors in public affairs, for charitable causes, in educational activities, and especially in the donation of their professional knowledge of real estate matters for the good of the community and for the state.

Danner said that two-thirds of the families in the state and nation own their own homes.

YOUR BIRTHDAY and HOROSCOPE

TUESDAY, MAY 24 — Born today, you have the potential of greatness. You need only to take yourself and your talents more seriously than you are prone to do to make your mark in the world at large. You are somewhat inclined to sell yourself short, to think that you can do it there must be many who can. So why worry? You need to brace your self-confidence, that comes only with work and success, with knowing you are more capable than most.
Sympathetic and kind, you will spend for more energy and time in helping others to succeed than you will in helping yourself. You would be wise to reserve forces for use for yourself alone. Although there is nothing more praiseworthy than helping others, you should make the most of your own abilities especially when those about you depend upon your success for their own.
Because you have a great capacity for taking the world's troubles upon your own shoulders, you are often downcast and depressed. Here again you must learn to control your energy. There may be little you can do directly to aid the world, but there is much you can do to aid yourself. By furthering these good causes in which you believe, you render assistance to the larger community.
To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

33 Drivers Carry Top Speeds Into Indianapolis 500

INDIANAPOLIS, Ind. (AP) — A field of 26 veterans and seven rookies, all but one in Grand Prix-style rear-engine cars, will carry a record speed potential into the Golden Anniversary 500-mile race May 30 at the Indianapolis Motor Speedway. Two weekends of 10-mile qualifying runs, in which seven cars crashed into the concrete retaining wall, ended at dusk Sunday with a field averaging 160.251 miles per hour.

Dodgers Hit In Ninth to Edge Pirates

LOS ANGELES (AP) — John Roseboro rapped a two-out double in the ninth inning and came all the way home on pinch-hitter Derrell Griffith's infield single, giving the Los Angeles Dodgers a 3-2 victory over Pittsburgh Monday night.

Griffith batted for John Kennedy after Roseboro doubled to right field. He topped a roller to the right of the plate, and pitcher Pete Mikkelsen picked up the ball and underhanded it to first.

The run gave Sandy Koufax his seventh victory against one defeat. The left-handed ace limited the Pirates to three hits and two runs in the eighth and ninth innings. The Dodgers won 3-2 on a home run by Koufax in the ninth.

Three ABC Titles Fall To Schissler

ROCHESTER, N.Y. (AP) — Lee Schissler of Denver, Colo., became a three-time champion Monday of the 63rd American Bowling Congress Tournament. Schissler, a member of the Ace Mitchell Shurtlough of Akron, Ohio, winner of the 1960 classic team championship, captured the classic singles and all-events titles as the tournament closed.

The only title in the ABC classic division that escaped him was in doubles, where he and Jerry McClary finished third. Schissler rolled a record 760 games in all-events May 12, which was his 36th birthday. He added 637 to McClary's 612 for a 1,387 double total.

Schissler was the third bowler in ABC history to win three titles in one tournament. Bill Lillard of Chicago had three titles in 1956 at Rochester, N.Y., and Ed Lubanski of Detroit took three in 1959 in St. Louis.

The classic doubles title went to Jim Stefanchik and Andy Rozonick of Chicago, who rolled 1,361 May 12.

Tony Lofcano and Bob Kwikich of Detroit won the regular doubles title with 1,351 April 3. Regular singles champion was Don Chapman of Scranton, Pa. The 23-year-old bowling machine mechanic rolled 761 May 3.

Marichal Is Looking for Win Record

SAN FRANCISCO (AP) — Juan Marichal bids to become the first major league pitcher since Dizzy Dean to win 30 games in a season. Thus the San Francisco right-handed ace is hurrying at a pace two weeks ahead of that set by the St. Louis great in 1934.

The 27-year-old from the Dominican Republic tossed a three-hitter at the New York Mets on Sunday for a 5-0 victory, his eighth triumph without defeat and third shutout of 1966.

Thirty-two years ago, Dean didn't win his eighth game until June 10 on route to a 30-7 season and a place in the Hall of Fame. In 78 innings work, Marichal has posted a 0.69 earned-run average. Last season he won 22 games and became the only major league hurler notching 20 or more victories the past three campaigns.

"I've never had a start like this," Marichal admitted. "I didn't use the fast ball much against the Mets and was throwing screwball, curve and change-ups to get them out."

It marked the 15th consecutive victory over the New York ers, who have never beaten Marichal.

The average was more than five m.p.h. slower than the qualifying record of 165.880 set by Mario Andretti, the U.S. Auto Club champion, on opening day May 14. Jimmy Clark of Scotland, last year's winner, was the only qualifier in the same class with Andretti, 164.144 on the same day.

Clark set the race record of 168.484 — that evidently wouldn't be nearly good enough this year.

No drivers were injured on the second weekend of trials: Chuck Rodee of Indianapolis was killed a week ago Saturday, bringing the total of fatalities at the Speedway to 57 since the track opened in 1909.

The top flight cars were exhausted Saturday, when Al Unser — of Albuquerque, N.M., whose brother Jerry was killed at the Speedway in 1958, had the best speed of 162.272 in a new Lotus-Ford.

The best performance in the final session Sunday was 159.144 by rookie Larry Dickson, Murietta, Ohio, in a Halibrand-Ford.

Ronnie Duman, 34, of Dearborn, Mich., badly hurt in the 1964 Indianapolis "pile-up" that killed Eddie Sachs and Dave MacDonald, was the only other driver who made the final. He finished 15th, 158.846 in an Elser-Ford.

The Dickson and Duman runs eliminated rookies Art Pollard, Medford, Ore., and Dick Atkins, Hayward, Calif., who had won tentative starting spots at slower speeds.

Other first time starters beside Dickson will be Jackie Stewart of Scotland, winner of the Monaco Grand Prix Sunday; former world champion Graham Hill of England, third at Monaco; Carl Williams, Kansas City, Mo.; Mel Kenyon, Davenport, Iowa; Cale Yarborough, Charlotte, N.C.; stock car ace, and Gary Condon, Garden Grove, Calif.

Rookie Greg Weld of Kansas City crashed out two cars in wrecks Sunday without being hurt. One was an entry by former AAA winner Jim Rathmann of Miami, and the other the last of the cars powered by the hand-laid supercharged Novi V-8.

Weld bent the Granatelli-Novoli only enough to put it out of action for the day but he thoroughly wrecked the Rathmann Gerhardt-Offenhauser in a subsequent crash into the wall.

The four-wheel-drive Granatelli entry was the last of the unconventional entries rated much chance to make the field.

The single front-engine speedster roster qualified was headed with a turbo-charged Offenhauser engine. Bobby Grim of Indianapolis qualified it Saturday at 158.307 m.p.h., slowest in the field.

The Memorial Day starters will have 12 special Ford engines like Jimmy Clark's 1965 winning Power Plant, and 11 Offenhausers. They will be in 15 different special chassis, with Lotus of England and Dan Gurney's All American Eagles filling five spots each.

Roof's Homer Lets A's Nip Solons in 12

WASHINGTON (AP) — Phil Roof's first major league home run, a two-out, two-run blast in the 12th inning, gave Kansas City a 5-3 victory over Washington Monday night.

The homer was the first given up in the majors by Casey Cox, who relieved starter Mike McCormick in the 11th. Roof connected after Larry Stahl singled with two out.

McCormick didn't allow a hit from Wayne Causey's two-out single in the fourth inning in his leadoff single in the 10th, retiring 16 of 17 Athletics in that stretch.

Frank Howard blasted one of the longest home runs in D.C. Stadium history, a 410-foot, 210-foot drive eight rows into the seats in the upper deck in left field. The blow drove in Bob Saverine in the fourth and cut Kansas City's lead to 3-2.

Jim King tied it with a leadoff homer in the sixth inning. Kansas City 210 000 000 002-3 2 Washington 000 201 000 000-3 3 1

U.S. Davis Cup Team Returns

KINGSTON, Jamaica (AP) — The U.S. Davis Cup team headed for home and hard work today after a much tougher fight than the squad bargained for in its 4-1 American Zone victory over the West Indies.

George MacCall, U.S. team captain, said a stunning doubles loss to Jamaicans Richard Russell and Lance Lundsen will "spur us into even harder training when we return home."

Cliff Richter and Arthur Ashe won their singles matches Sunday to insure a U.S. victory after Ashe and Charlie Pasarell were upset in five sets by the Jamaican doubles pair.

Devlin Is Third Foreigner to Win in Last Four PGA Tourneys

FORT WORTH, Tex. (AP) — Are the foreigners taking over in American golf? It sure seemed like it after Bruce Devlin won the \$10,000 Colonial National Invitation Sunday with an even par 280 for 72 holes.

Devlin was the third foreigner to win in the last four tournaments on the tour, which now moves to Oklahoma City.

Roberto de Vicenzo of Argentina took the Dallas Open and Harold Henning of South Africa triumphed in the Texas Open at San Antonio.

Devlin, the lanky blond from Australia, ran up such a low score in the first three rounds of the Colonial that he could take a five-over-par 75 on the final day and still win by a stroke.

R. H. Sikes was five strokes behind starting the final round but was scarcely noticed as the fans concentrated on Gene Littler, three strokes back, as the player most likely to dislodge Devlin from the lead.

But Littler blew his chances with a triple bogey on the ninth hole when he was in the water twice. Attention then turned on Al Geiberger, Tony Lema and Sikes. Devlin, fighting intense heat and pressure, took a double bogey on 10 and a bogey on 15 when he was in a creek each time.

Geiberger drew within a shot of Devlin at 15 but he killed his opportunity with a bogey on 18 where he three-putted. Lema got within two strokes but barreled missed on putts on the five finishing holes.

Sikes, however, carded birdies on 11, 13, 15 and 16 and 17, only a stroke in back of Devlin. They came into the final hole that way.

Each shot a par when Sikes missed an 18-foot putt that would have given him a birdie and a tie. Devlin had only to lay up and sink his putt for the par that brought him \$22,000.

A victory in the Tacoma playoffs would qualify them for the U.S. Open in San Francisco in mid-June.

The alternate position went to Arnold Hake of Boise's Hillcrest country club. He carded a 75-73 for a 143 total.

Golfers Qualify For Playoffs
BOISE (AP) — Pro golfers from Boise and Nampa qualified Monday for regional playoffs to the U.S. Open at Tacoma June 6-7.

Chuck Chronister of the Crane Creek country club fired a 36-hole total of 145 to take first in qualifying play.

His 73-72 total was two strokes better than Ken Sparks of Nampa's Broadmoor country club.

Worthy Opponent for Clay Hard to Locate

LONDON (AP) — Cassius Clay cast his eyes around Monday for a challenger to his world heavyweight title, but finding a worthy contender will be difficult. It could be Doug Jones of New York, who lost to Clay on a controversial 10-round decision three years ago.

It could be Karl Mildenberger of Germany, the European champion. It might be Thad Spencer or Amos Lincoln, both Americans.

One thing seems sure—the man who beats Clay must have speed and power to stop the 24-year-old Louisville, Ky., fighter with one punch.

Clay is one of the "hardest" heavyweights boxing has known. He flits around with his fists down, then suddenly—bang—and his man is gone.

Clay defeated Britain's Henry Cooper in an extremely close fight, his title fight in London Saturday night. It ended when the champion opened a deep gash over Cooper's left eye.

Since winning the crown from Sonny Liston in February of 1964, Clay has demolished Liston and Floyd Patterson, two roughly-whipped George Chuvalo, and outclassed Cooper in title defenses.

His seeming invincibility impressed British boxing writers. Said George Whitting in the London Evening Standard: "How do you hit a vanishing mist, pin down a phantom, corral a well-preserved ghost or catch a will o' the wisp?"

"If there is a heavyweight in the world with convincing answers in his fists, then, and then only, could come the end of Cassius Clay's spring-heeled supremacy."

Wrote Donald Saunders in the London Daily Telegraph: "Certainly he demonstrated his mastery of the defensive arts, and was faster than most heavyweights who have visited this country."

"But one is accustomed to see Clay move with the grace of a ballet dancer and at the speed of a lightweight."

"But from the connoisseur's viewpoint, only occasionally did we see those awe-inspiring flurries of fists and hooks that brought defeat to Sonny Liston, Floyd Patterson and George Chuvalo."

Wrote Peter Moss in the London Daily Mail:

Brown to Have Routine Checkup
BALTIMORE (AP) — Dick Brown of the Baltimore Orioles, who underwent brain surgery March 7, arrived in Baltimore Monday for a routine checkup. Brown will enter Sinai Hospital, where tests will be given Tuesday.

The 31-year-old catcher has been scouting for the Orioles in Florida while recuperating from the removal of a benign tumor beneath the base of his brain.

THE MOST IMPRESSIVE THING ABOUT DODGE'S 5-YEAR/50,000 MILE WARRANTY IS THAT YOU'LL PROBABLY NEVER HAVE TO USE IT.

Chrysler Corporation warrants for 5 years or 50,000 miles or 1500 hours of operation, whichever comes first, against defects in materials and workmanship and will replace or repair at a Chrysler Motor Corporation authorized dealer's place of business gasoline engines (i.e., block, heads, and internal parts), intake manifolds, water pump, flywheel, fuel pump, clutch housing, torque converter, transmission (i.e., case and internal parts, excluding manual clutch), drive shaft, universal joints, driving axle and differential, and drive wheel bearings of the new Dodge conventional low-tonnage trucks (models D100, D200, D300), provided the type carburetor air filter cleaned every 3 months or 4000 miles, and dry-type carburetor air filter replaced and dry-type carburetor air filter cleaned every second oil change, and dry-type carburetor air filter replaced and dry-type carburetor air filter cleaned every 24,000 miles, (3) the crankcase ventilation system cleaned and serviced every 4000 miles, and (4) the transmission and driving axle lubricants changed every 32,000 miles. The foregoing services must be performed more often when reasonably required due to severe dust or regular "stop and go" operation. Every 3 months the owner must furnish to such a dealer evidence of performance of the required service, and request the dealer to certify (1) receipt of such evidence and (2) the vehicle's then current mileage.

Highlights for Week Best Bets for Movies

8:00 Wednesday—4—"Abandon Ship," English, 1957, is the story of 7 survivors of a sunk passenger ship who are crowded into a lifeboat large enough for only 11; it features Tyrone Power, Mai Zetterling and Lloyd Nolan.

11:15 Wednesday—4—"Between Midnight and Dawn," 1950, is a situation affair between two young policemen who are in love with the same girl, both of whom, needless to say, capture a racketeer who vows vengeance. Mark Stevens, Edmond O'Brien, Gale Storm.

7:00 Thursday—2B, 3—"Wackiest Ship in the Army," 1960, color. If you're wondering where the television series came from, this is the place.

10:30 Thursday—5—"Twenty Plus Two," 1961, features a private detective who gets involved with film stars and murders.

10:55 Thursday—7, 8—"Teenage Zombies," 1958, is a good candidate for horror of the week.

Promising Specials

7:30 Wednesday—75L—"An examination of urban renewal featuring interviews with Robert Wood, undersecretary of Housing and Urban Development and Urban Renewal Agency officials.

9:00 Wednesday—75L—"The New Abstraction," a look at abstract painters, Morris Lewis and Kenneth Noland.

7:30 Friday—25L, 8—"Indianapolis 500 Challenge," a filmed review of America's most famous auto race. Footage includes shots of Ray Harroun winning the 1911 premiere and recent winners, including defending champion Jim Clark. Films of this year's time trials will be shown.

Special Sports Events

7:30 Friday—25L, 8—"Indianapolis 500 Challenge," a filmed review of America's most famous auto race. See Promising Specials for details.

Peyton Place Actress Has Red Face

Evelyn Scott, the pretty, carol-dressed actress who was cast for a single appearance on ABC-TV's "Peyton Place" (Mondays, Tuesdays and Thursdays, 9:30-10 p.m., PDT) and has stayed to portray Ada Jackson in more than 50 episodes, has been learning what it means to have a fan club.

"It started with a group of neighborhood children who came to my door asking for autographs," Eve said. "And it's flattering that the little group is growing to larger proportions."

But Evelyn Scott remains a modest actress with over 15 years of acting experience.

"It was a fairly important role, as a performer doesn't let them turn his head," she explained. "The first concern must be what you believe to be the maximum level of performance of which you are capable. You can't rely too much on the fact that people say you are good."

"Anyway, if my head was in danger of swelling, I was knocked down a peg or two not long ago. I was shopping at a large department store when two of the sales girls started looking at me and whispering one of these said, 'Don't know if it's somewhere?'"

"This happens a good deal of the time. Admittedly, it is always a pleasant experience. But just this time, just as I was leaving, I heard one girl say: 'Now I know she's the house detective!'"

Pop Art Is Fraud, Actor Declares

"Pop art is an exorbitant fraud, that is being foisted on the American people," stated actor Robert Wagner, attired in a colorfully patterned pair of levis for his artist role on the "Runaway Game" segment of "Bob Hope Presents the Chrysler Theater," beaming Wednesday, May 25 9:00-10:00 p.m. EDT in color over NBC-TV.

"I'd never held a paint brush in my hand except to touch up a kitchen chair, before accepting this part of a beatnik painter, admitted Bob sheepishly.

"I thought therefore, that it would be a good idea to do a bit of research on art, so I could feel comfortable in the role. The character that I am portraying lives in a shack down at the beach that is covered from floor to ceiling with objects d'art."

The set designer must have had a ball decorating Wagner's pad. It contains among other things, a bent parking meter, a row of old mail boxes, a huge Woody Woodpecker mobile hanging from the ceiling, and an ancient bathtub in the center of the room.

"Living in this set for the past five days has pointed up more than ever to me, what a hoax pop art really is. I can't believe that anyone would enjoy waking up every morning looking at a huge five-foot-high

bloodshot eye, staring back relentlessly."

Although he had never attempted to paint a picture before, Wagner felt the opportunity at hand was too good to pass up. ("Anyone should be able to create a better picture than the junk hanging on these walls.")

Brush in hand, he snuck off to a corner of the Chrysler sound-stage during breaks between filming to whip off his first creation.

Co-star Carol Lynley was the recipient of Bob's artistic efforts.

Carol's comment to the colorful array of paint, "I think if I were you, Bob, I'd stick to acting!"

Wrong Indians Attack Fort

Sgt. O'Rourke arranges for the Hekawis to attack Fort Courage, but the hostile Shugs get into the act on "F Troop" Tuesday, May 24 (ABC-TV, 9:30 p.m., PDT).

"In 'Scourge of the West,' O'Rourke wants to make a hero out of Capt. Farmenter for an inspecting officer. Col. Agarn teaches the Hekawis a war dance to get them ready for the attack, but the Shugs get to the fort first.

Bogart Will Produce Hawk Series

Paul Bogart, a nominee for an Emmy award this season, has been named producer of "Hawk," the ABC-TV detective-adventure color series which will debut in the fall in the Thursday, 10-11 (PDT) time slot.

Bogart, who has been directing television programs for 12 years, is an Emmy nominee for his directing on "Get Smart." He also directed Sir John Gielgud in the television version of "Ages of Man," which has also been nominated for an Emmy. "Hawk" is his first assignment as a producer.

Among Bogart's other credits are "The Defenders," "The Nurses," "Kraft Theater," "Alcoa-Goodyear Theater," and "Armstrong Circle Theater."

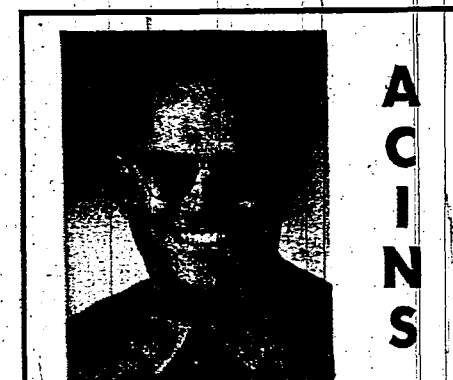

Hubbell Robinson, Executive in Charge of Production for "ABC Stage 67," is executive producer for "Hawk."

Burt Reynolds stars in the series as an Iroquois Indian who works the night trick in the District Attorney's Detective Bureau.

Arbitrator Says End of Long-Simmering Feud Nearing for AAU, NCAA

WASHINGTON (AP)—An end is in sight to the long-simmering feud between the Amateur Athletic Union and National Athletic Association, arbitrator Theodore W. Kheel said Monday. At the same time, he asserted that amateur track and field cannot have two masters. "Athletics are an organized activity," the New York labor mediator said after opening a two-day hearing here with the warring factions. "There must be rules. There must be an administration. There is no place for dual administration."

Nobody Is Laughing At Houk's Yanks Now

NEW YORK (AP)—They laughed when Ralph Houk said, "I still think this club can win the pennant" as he took over the New York Yankees two weeks ago. Somehow, nobody is laughing any more. Since Houk went from the front office back to the dugout, May 7, replacing Johnny Keane, the Yanks have won 11 of 14 games and will take a five-game winning streak into the series with the California Angels opening Tuesday night. They have emerged from the American League cellar and have moved from a 4-10 record to 15-19.

The 14 teams in the Recreation Department's slow-pitch league will begin play Tuesday. The evening schedule through June 3 is as follows, with teams playing on diamond one first followed by games on diamond two:

EYE TROUBLE — The American League said Monday that umpire Al Salerno will be sidelined for a few days because of a minor eye infection. He is scheduled to umpire the game between the Yankees and the Boston Red Sox in New Hartford, N.Y.

Kauai King's Owner Finds Time to Relax — BALTIMORE (AP) — Mike Ford, owner of Kentucky Derby Preakness winner Kauai King, relaxed as best he could Monday before turning his attention to the Belmont Stakes. "I'm more relaxed today than I have been in quite awhile," Ford said. "But I may never settle down."

"Kauai King is taking this much better than I am," Ford said. "Nothing bothers him. That marvelous disposition is what makes him a good horse." Ford expects to ship Kauai King to Aqueduct Wednesday to train for the June 4 Belmont and his bid to become the first Triple Crown winner since Citation in 1948. The 3-year-old son of Native Dancer came off the pace Saturday to win the Preakness by 1 1/2 lengths over Stupenious. His time of 1:58 2/5 for 1 1/8 miles was second only to Nashua's track record of 1:54 3/5. Two weeks earlier, Kauai King led all the way to win the Kentucky Derby at 1 1/4 miles. Ford, jockey Don Brumfield and agent about everyone else believes Kauai King will have no trouble handling the Belmont at 1 1/2 miles. Kauai King was not nominated for the Belmont, and Ford will have to make him a supplementary entry at \$5,000.

CAUGHT STEALING, Philadelphia Phillies' centerfielder Tony Gonzalez is tagged by Houston Astros' catcher John Batesman in the third inning Sunday at Houston as he starts a retreat back toward third. Phillies catcher Clay Dalrymple (11) was at the plate at the time of the attempted steal. The Phillies won 9-5. (AP wirephoto)

Jackson Pegs Phillies Over Houston 9-0

HOUSTON (AP) — Larry Jackson pitched a three-hitter and Doug Clemens hit a three-run homer as Philadelphia crushed Houston 9-0 Monday night.

Jackson held the Astros hitless until Lee Maye singled with two out in the fifth. John Batesman followed with another single, but pinch hitter Dave Nicholson struck out.

The only other Houston hit was Joe Morgan's leadoff single in the sixth. Jackson didn't allow a runner to reach third as he picked up his second victory against five defeats.

Clemens cracked his homer in the four-run sixth inning after Bill White walked and John Carlson doubled.

USC Trims Cal Poly by 11-7

LOS ANGELES (AP) — A tie-breaking grand slam home run gave strong Southern California a dramatic 11-7 10th inning victory over Cal Poly Monday in the opening game of the National Collegiate Athletic Association District 8 Tournament.

The second game, between Washington State and Fresno State, ran 11 rugged innings before it was called because of darkness with the score deadlocked 2-2. The game will be completed Tuesday morning.

Hart, McCovey Shine During Mays' Slump

NEW YORK (AP) — It's a good thing the San Francisco Giants have Hart and Willie McCovey. That's because Willie Mays, star of the National League's first-place team, is in a bad slump. The slugging outfielder didn't slug at all last week. In fact, he was on the bench Sunday as the Giants split a doubleheader with the New York Mets.

In the previous five games last week, Mays collected only three hits — all singles — in 18 times at bat. His average dropped 14 points to .358. Mays failed to drive in a run, leading the NL RBI lead to Atlanta's Hank Aaron, who has 31 RBIs and is the pacesetter in homers with 15. Mays has 10 homers and 24 RBIs.

Jim Hart and McCovey picked up much of the slack for the Giants. Hart hit his four homers moving into second place behind Aaron with 11. He also is the league's fifth-leading batter with a .338 average. McCovey, who missed three games because of a bruised left hand, had also hit 17 times at bat — a .528 pace — in four games. He boosted his average 43 points and moved up seven places to third with a .344 mark.

Matty Alou, the former Giant now with Pittsburgh, took over the NL batting lead with a .335 mark. He gained 31 points last week with eight hits in 14 at-bats.

Joe Morgan of Houston, the leader a week ago, slipped to second at .346. He lost 14 points with a 6-for-22 performance. Ron Hunt of the Mets advanced two places to fourth on a 10-point pickup to .340. The figures include Sunday's games.

Minnesota's Tony Oliva retained the American League lead despite a 12-point drop to .374. Oliva, who won the batting title the past two seasons, hit his first two years in the big leagues, had 11 hits in 32 tries last week.

Frank Robinson of Baltimore slumped 33 points to .342, but held onto second place. He had only five hits in 24 tries. Washington's Fred Valentine climbed from eighth to third with a 23-point increase to .333.

Rick Reichart of California hit two homers and tied Boston's George Scott for the AL home run lead. Each has 11. Baltimore's Brooks Robinson continues to lead in RBIs. He drove in six runs last week, giving him 34 for the year.

Nuclear Powered USS Enterprise Has Trouble Finding Friendly Port

By TOM TIEDE
ABOARD THE USS ENTERPRISE (NEA) — This ship is a quarter of a mile long and taller than a 22-story building. Its 4,477-ton hull is large enough for four simultaneous football games or 68 basketball courts.

The anchors have 300-pound chain links. The propellers are larger than bi-level homes. The total weight is 35,500 tons. It has the horsepower equivalent of 1,000 automobiles, is strung with enough cable and wire to stretch from New York to Los Angeles, and has so many varied

compartments in its nine-level hull that if a man visited 10 rooms a day it would take 11 months to see them all.

It is like sailing on a 40 m.p.h. island, the product of 915 designers, 2,400 miles of blueprints, 3,000 railroad cars of material and several barges of money.

Yet, for all its abundance, appreciation for this largest of all aircraft carriers is barely dimly sized along the Asian coast.

Japanese fear it, Chinese object to it, Koreans and Vietnamese are wary of it. In fact, the USS Enterprise can count the friendly ports of call in this part of the world on the captain's thumb.

Why? Because it's nuclear powered. Asians consider it the world's biggest atom bomb.

It's not of course. Although the ship is propelled by a glow of uranium, the chances of an atomic explosion are statistically speaking, next to nothing.

In most cases, fear of the ship stems from ignorance of its function. The average supposition is that exploding neutrons, or some such, blast the ship over the bounding main.

Hardly. The nuclear aspect is used primarily as a source in manufacturing steam, which fires the turbines in a more or less conventional manner.

It is in fact, sort of a science fiction gadget. There are no eerie lights, no pulsating beeps.

And it absolutely won't blow up. At least that's what the crew says. One chief petty officer who received a worried letter from his wife concerning the vessel's safety, put his tongue in his cheek and the spouse in her place by replying:

"Honey, if I start glowing at night, I'll resign."

Kennedy Asks Supervision Of LSD Drug

WASHINGTON (AP) — Sen. Robert F. Kennedy called today for coordinated government supervision of the use of the LSD which he said "has become a social problem."

In a prepared statement opening public hearings by a Government Operations subcommittee he finds, Kennedy said he hopes to find a pattern for coordination, cooperation and communication between government agencies to the LSD in inquiry.

Last Honor Paid To Mrs. Johnson

BUHL — Funeral services for Mrs. Selma N. Johnson were conducted at 1 p.m. Monday in the Albertson-Bickard Chapel by Pastor Phillip F. Lemon of the Twin Falls Seventh-day Adventist Church.

Don Ireland sang a solo and Mrs. Ireland and Mrs. Willard Clark sang a duet with Mrs. Ireland playing the organ accompaniment.

Palbearers were Rudolph Peterson, Gary Tetz, J. W. Morris, W. R. Riedels, Thelma Beecham and Thomas Jones.

Concluding rites were held in the Buhl Cemetery.

Most others among the ship's 5,300 members treat the subject with equal levity — a kind of gallows humor known as Geiger-counter gag.

The've nicknamed the ship "Nuke Buss."

Oil sunlans are "radium discoloration."

Nobody is sick, they're disintegrating.

And guys who are bald are "mutations."

Such giggles aren't coverups, either. Nobody aboard is worried. The ship's secure. The eight reactors are stuffed with safety features; cut-down controls operate automatically; and the human help is grilled for months in Atomic Energy Commission classrooms.

Even radiation is more pun than problem. Those nearest the core receive about as much a year as a jet pilot can get from a single high-altitude flight.

And anyway, according to one Geiger-counter gag the Asians aren't laughing at, even if something did go wrong the boat is so large there would still be a chance.

If the explosion was n't, say, the crew could move forward. That way they'd be a quarter-mile from ground zero.

Buhl Man Held For Burglary

BUHL — A 23-year-old Buhl man has been placed in the county jail on a charge of first degree burglary.

Robert Dale Torkelson was

arrested by Deputy Sheriff Curtis Pryor Monday after more than two weeks investigation in the burglary of a Buhl tavern.

Muy 6 the Log Tavern west of Buhl was entered by breaking a window and a cash register containing only a few coins was taken.

Pryor said the cash register, still unopened, was recovered in Torkelson's father-in-law's shed. Torkelson had built a box for the register and placed it in the shed, telling his father-in-law the box contained parts for an automobile.
